KANATA'S NEW BUSINESS OF THE YEAR!

A big THANK YOU for making us Kanata's *New Business of the Year!* After only nine months of being open, Global Pet Foods Kanata was awarded the coveted title two weeks ago by the Kanata Chamber of Commerce. We were one of three finalists, and due to our customers' continued support and votes, the award barked up our tree!

To celebrate, we would like to invite you to our **Customer Appreciation Event** on Sunday, March 21 from 10:00—5:00. You will save the tax on EVERYTHING in the store, in addition to winter clearance items, BOGOs and other surprises.

(no other store coupons valid during this day)

OUR CUSTOMERS ROCK!

For all the pet models and owners who participated in our annual calendar photo shoot, we have officially sold out of all calendars!

You helped us raise **\$1,874.75** for *Birch Haven Rescue and Rehabilitation Services!* This rescue organization works mostly with giant breeds, rescues and rehabilitates them and finds them a forever home. In this picture is B.

Cole with "Potter" a deaf BHRR rescue who benefited from the sales of the calendar to help pay for his leg amputation due to an aggressive tumor.

For all our new customers, stay tuned to find out how your furry one can become a calendar model!

The "Show Us Your Heart" campaign was a very successful one as well! You helped raise \$278 in seven days! In turn, Global Pet Foods and Science Diet will match every penny and a total of **\$556** will go to Ottawa's *Hopeful Hearts* a shelter that rescues and finds forever homes for older and sick dogs.

Thanks again for helping us help pets in need!

SPRING IS SHEDDING SEASON!

It's almost that time of year again! When your Lab, Sheppard, Golden, cat and/or other dogs leave a streak of hair every time they rub against your black pants, shake or just plain walk, for that matter! Below are a few ideas to minimize the pain in the neck (literally) shedding season is!

Safari shedding blades are designed to remove loose hair and leave your pet with a clean, healthy coat. The Safari dual shedding blade can be used with the handles together or separated. With handles together, stroke the dog from head to tail, covering small areas at a time. With handles separated, stroke dog from head to tail, covering large areas at a time. **\$13.19**

MagicCoat Pet Hair Remover helps remove hair from pet beds, carpets, furniture, clothing and more. The Magic Pet Hair Remover can be easily washed with soap and water. **\$10.99**

Fur Fiend is the perfect 2 in 1 tool that reduces undercoat and loose hair by stripping unwanted fur with the blade attachment. The other attachment is a comb for in-between brushing and/or getting rid of difficult mats. As good as the FURminator—but less pricey! **\$28.49—\$32.49**

Dr. Maggie Skin & Coat is a chicken-flavoured supplement, proven to prevent excessive shedding by 70—90%. This supplement is also great for dry, flaky skin, and prevention of allergies and hot spots. **\$11.99** for 375 ml.

Urban Wolf pure wild fish oil gel caps are a fine blend of wild caught, GMO-free cold water ocean fish. High in natural occurring EPA & DHA, it will support your pet's heart, skin, coat & especially brain functions. **\$11.99** for 60 capsules

And as always, you can always book a de-shedding appointment with our groomers at (613) 599.0660!

WIN A \$100 GIFT CERTIFICATE!

Would you like to win a \$100 gift certificate for Global Pet Foods Kanata? If so, please go to the link below to fill our brief customer survey and help us improve our services! We are always looking for customer feedback on everything we do. Your input is always appreciated!
